

Introduction about myself

My name is Teerat Chanamorn and my nickname is Tee. I was born in 21 October, 1997. Now I am 13 years old. Saint John Mary International School is the school that I am studying now. Mostly, my hobbies are reading science comic books, playing computer, watching television, and playing sports. Those sports are basketball and badminton. I have been to many places in Thailand and other countries such as Japan, Korea, China, Hong Kong, and Australia. Probably, the best country for me is Australia. It has many rare animals that can be seen only in Australia. The Opera House and Harbor Bridge can be seen only in Australia as well. Now I am a student but In the future I would like to become Scientist or Detective. This makes me want to read the books about science and doctor. I also play guitar and piano. Every weekend I have to go to Bangkok for studying music and to meet my cousins. My favorite foods are Tom Yum Kung, fried rice, and etc. Being student is not hard as I think but the most important thing is to study hard and be good student. So I would have good and best future for my family and myself.
