

Woo! Sports Day~ ><

February 17, 2011....The day we wait for a long time. The day we have fun. The day we, the middle school students, stay together for whole day. It was one of the best days! It's SPORTS DAY! This year sport day was so fun. We have so many sports to play. But, why I love sports day is, we have time to play with our best friends who did not stay in the same classroom. That morning, we have an opening ceremony then after that the cheering team! I'm one of the cheerleaders. We dance, dance, and dance. I hate what I've done. After dance, dance, and dance, we should run, run, and run! I'm the runner of relay and hurdle race. I got the first place! Also, long jump, I'm the first! It was really fun. After all sports have done, I and my friends play water. My friends were all wet, except me. I run, run, and run again. This year sports day is awesome!
