

# **WHY SHOULD TERRORISM BE STOPPED**

**BY SIMRAN DAYAL – 8/1**

Terrorism means use of force or violence to create terror. Terrorist activities are done by people because of social and religious reasons. They believe that the thing they are doing is right.

Some examples of terrorist acts are:

1. Terrorist attack of 9/11. The world trade center in America was crashed by a plane by the terrorist. The reason was the revengeful feeling of terrorists towards the Americans. The terrorist believed that bombing America was a right thing.
2. Taj hotel in Mumbai, India was attacked by the terrorists which killed many people and destroyed the building.
3. Zionists who bombed the British targets felt that they should do so to create a Jewish state.

All these acts create fear and panic among people. It leads to loss of many innocent lives and people and society are concerned about peace and safety. It disturbs the economic structure of the country. In 9/11, the world trade center was destroyed and it caused a loss of millions of dollars. Even worse than this was the loss of lives which led to sufferings and miseries to many families.

It should be stopped for the betterment of the society. Many lives would be saved by stopping terrorism. It can be done by bringing social equality so that people don't feel that they are not getting their right. Another way is, people can spread the ill effects of terrorism and how does it bring unbelievable changes in our lives. This will help them change their belief and change their minds towards terrorism. We should participate in social events to highlight the need to stop terrorism. We should protest against terrorism. Powerful nations like America, Britain, etc. should help and support smaller nations to develop them with techniques to handle terrorist acts. Security in public places should be increased. Ordinary people should be alert in a crowded place and inform the police immediately if they see anything suspicious.

So, with the help of the government and ordinary citizens, we can stop terrorism. As we have discussed earlier that terrorism has got very bad effects and we should help in stopping terrorism at any cost.
